(collect calls accepted)

## 2. HAZARDS IDENTIFICATION

### Classification

#### **OSHA Regulatory Status**

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

Not a dangerous substance or mixture according to the Globally Harmonized System (GHS)

### Label Elements

#### **Emergency Overview**

The product contains no substances which at their given concentration, are considered to be hazardous to health

**Appearance** Clear                      **Physical State** Liquid                      **Odor** None

### Precautionary Statements

#### Hazards not otherwise classified (HNOC)

No information available

#### Other Information

No information available

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

| Component       | CAS-No    | Weight %   |
|-----------------|-----------|------------|
| Water           | 7732-18-5 | >90.0%     |
| Sodium Fluoride | 7681-49-4 | 0.1 - 1.0% |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

## 4. FIRST AID MEASURES

### First aid measures

|                       |                                                                                                                                                                                   |
|-----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>General Advice</b> | Use first aid treatment according to the nature of the injury. Get medical attention immediately if symptoms occur. Show this safety data sheet to the doctor in attendance.      |
| <b>Eye Contact</b>    | Rinse thoroughly with plenty of water, also under the eyelids. Obtain medical attention.                                                                                          |
| <b>Skin Contact</b>   | Wash off immediately with soap and plenty of water for at least 15 minutes. Take off contaminated clothing and shoes immediately. In case of skin reactions, consult a physician. |
| <b>Inhalation</b>     | Move to fresh air. If breathing is difficult, give oxygen. Get medical attention if symptoms occur.                                                                               |
| <b>Ingestion</b>      | Clean mouth with water and drink afterwards plenty of water. Do not induce vomiting. Call a                                                                                       |

physician or Poison Control Center immediately.

**Protection of First-aiders**

Use personal protective equipment. See section 8 for more information. Do not use mouth-to-mouth method if victim ingested or inhaled the substance; give artificial respiration with the aid of a pocket mask equipped with a one-way valve or other proper respiratory medical device.

**Most important symptoms and effects, both acute and delayed**

**Most important symptoms/effects** No information available

**Indication of any immediate medical attention and special treatment needed**

**Notes to Physician** Treat symptomatically

## **5. FIRE-FIGHTING MEASURES**

**Suitable Extinguishing Media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable Extinguishing Media**

No information available

**Specific Hazards Arising from the Chemical**

No information available.

**Explosion Data**

**Sensitivity to Mechanical Impact** None

**Sensitivity to Static Discharge** None

**Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

## **6. ACCIDENTAL RELEASE MEASURES**

**Personal Precautions, Protective Equipment and Emergency Procedures**

**Personal Precautions**

Use personal protective equipment. For further specification, refer to section 8 of the SDS. Evacuate personnel to safe areas.

**Environmental Precautions**

Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas.

**Methods and Material for Containment and Cleaning Up**

**Methods for Containment**

Prevent further leakage or spillage if safe to do so.

**Methods for Cleaning Up**

Soak up with inert absorbent material. Pick up and transfer to properly labeled containers.

## **7. HANDLING AND STORAGE**

**Precautions for Safe Handling**

**Handling**

To avoid risks to human health and the environment, comply with the instructions for use  
Wear personal protective equipment  
Avoid breathing dust/fume/gas/mist/vapors/spray  
Ensure adequate ventilation, especially in confined areas

**Conditions for Safe Storage, Including any Incompatibilities**

**Storage**

Keep container tightly closed in a dry and well-ventilated place

Store at room temperature in the original container  
Keep away from direct sunlight

Incompatible Products      No information available

## 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control parameters

#### Exposure Guidelines

| Component                    | ACGIH TLV                  | OSHA PEL                             | NIOSH IDLH                                                |
|------------------------------|----------------------------|--------------------------------------|-----------------------------------------------------------|
| Sodium Fluoride<br>7681-49-4 | TWA: 2.5 mg/m <sup>3</sup> | (Vacated) TWA: 2.5 mg/m <sup>3</sup> | IDLH: 250 mg/m <sup>3</sup><br>TWA: 2.5 mg/m <sup>3</sup> |

### Appropriate engineering controls

Engineering Measures      Showers  
Eyewash stations  
Ventilation systems

### Individual protection measures, such as personal protective equipment

Eye/face Protection      Wear chemical splash goggles and face shield. If splashes are likely to occur, wear:  
Face-shield.

Skin and Body Protection      Wear protective gloves/clothing.

Respiratory Protection      None under normal use conditions. In case of inadequate ventilation wear respiratory protection.

Hygiene Measures      Handle in accordance with good industrial hygiene and safety practice.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

### Information on basic physical and chemical properties

|                |                          |
|----------------|--------------------------|
| Physical State | Liquid                   |
| Appearance     | Clear                    |
| Odor           | None                     |
| Odor Threshold | No information available |
| PH Range       | 5.0 - 8.0                |

| <u>Property</u>              | <u>Values</u>            | <u>Remarks • Method</u> |
|------------------------------|--------------------------|-------------------------|
| Melting point/freezing point | No information available |                         |
| Boiling Point/Range          | ~ 100 °C / 212 °F        |                         |
| Flash Point (High in °C)     | N/A                      |                         |
| Evaporation Rate             | No information available |                         |
| Flammability (solid, gas)    | No information available |                         |
| Flammability Limit in Air    |                          |                         |
| Upper flammability limit:    | No information available |                         |
| Lower flammability limit:    | No information available |                         |
| Vapor pressure               | No information available |                         |
| Vapor Density                | No information available |                         |
| Specific Gravity             | No information available |                         |
| Water Solubility             | soluble                  |                         |
| Solubility in other solvents | No information available |                         |
| Partition coefficient        | No information available |                         |
| Autoignition Temperature     |                          |                         |
| Decomposition Temperature    | No information available |                         |
| Kinematic viscosity          | No information available |                         |
| Dynamic viscosity            | No information available |                         |
| Explosive Properties         | No information available |                         |

**Oxidizing Properties** No information available

**Other Information**

**Softening Point** No information available  
**Molecular Weight** No information available  
**VOC Content(%)** No information available  
**Density** No Information available  
**Bulk Density** No information available

**10. STABILITY AND REACTIVITY**

**Reactivity**

No Information available

**Chemical Stability**

Stable under normal conditions

**Possibility of Hazardous Reactions**

None under normal processing

**Conditions to Avoid**

Extremes of temperature and direct sunlight

**Incompatible Materials**

No information available

**Hazardous Decomposition Products**

Thermal decomposition can lead to release of irritating gases and vapors

**11. TOXICOLOGICAL INFORMATION**

**Information on likely routes of exposure**

**Inhalation** No information available  
**Eye Contact** No information available  
**Skin Contact** No information available  
**Ingestion** No information available

| Component                    | LD50 Oral               | LD50 Dermal              | LC50 Inhalation |
|------------------------------|-------------------------|--------------------------|-----------------|
| Water<br>7732-18-5           | LD50 > 90 mL/kg ( Rat ) | -                        | -               |
| Sodium Fluoride<br>7681-49-4 | LD50 = 52 mg/kg ( Rat ) | LD50 = 175 mg/kg ( Rat ) | -               |

**Information on Toxicological Effects**

**Symptoms** No information available

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

**Sensitization** No information available  
**Mutagenic Effects** No information available  
**Carcinogenicity** No information available.  
**Reproductive Effects** No information available

**STOT - single exposure** No information available

**STOT - repeated exposure** No information available

**Aspiration hazard** No information available

**Numerical measures of toxicity - Product Information**

The following values are calculated based on chapter 3.1 of the GHS document .

ATEmix (oral) 5200 mg/kg  
ATEmix (dermal) 17500 mg/kg

**12. ECOLOGICAL INFORMATION**

**Ecotoxicity**

0% of the mixture consists of components(s) of unknown hazards to the aquatic environment

| Component                    | Freshwater Algae                                                                                                        | Freshwater Fish                                                                                                                                                                                                                       | Water Flea                                                                                 |
|------------------------------|-------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------|
| Sodium Fluoride<br>7681-49-4 | EC50: = 850 mg/L, 72h static<br>(Desmodesmus subspicatus)<br>EC50: = 272 mg/L, 96h<br>(Pseudokirchneriella subcapitata) | LC50: = 180 mg/L, 96h semi-static<br>(Pimephales promelas)<br>LC50: 38 - 68 mg/L, 96h static<br>(Oncorhynchus mykiss)<br>LC50: = 830 mg/L, 96h semi-static<br>(Lepomis macrochirus)<br>LC50: > 530 mg/L, 96h (Lepomis<br>macrochirus) | EC50: = 98 mg/L, 48h Static<br>(Daphnia magna)<br>EC50: = 338 mg/L, 48h (Daphnia<br>magna) |

**Persistence and Degradability**

No information available

**Bioaccumulation/ Accumulation**

No information available

**Mobility**

No information available.

**Other adverse effects**

No information available

**13. DISPOSAL CONSIDERATIONS**

**Waste treatment methods**

**Waste Disposal Methods** Disposal should be in accordance with applicable regional, national and local laws and regulations.

**Contaminated Packaging** Improper disposal or reuse of this container may be dangerous and illegal.

| Component                    | CAWAST |
|------------------------------|--------|
| Sodium Fluoride<br>7681-49-4 | Toxic  |

**14. TRANSPORT INFORMATION**

**DOT** Not regulated

|                 |               |
|-----------------|---------------|
| <b>ICAO</b>     | Not regulated |
| <b>IATA</b>     | Not regulated |
| <b>IMDG/IMO</b> | Not regulated |

## 15. REGULATORY INFORMATION

### International Inventories

**ENCS** - Japanese Existing and New Chemical Substances

**IECSC** - Chinese Inventory of Existing Chemical Substances

**KECL** - Korean Existing and Evaluated Chemical Substances

**PICCS** - Philippines Inventory of Chemicals and Chemical Substances

**AICS** - Australian Inventory of Chemical Substances

### U.S. Federal Regulations

#### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

#### SARA 311/312 Hazard Categories

|                                          |    |
|------------------------------------------|----|
| <b>Acute Health Hazard</b>               | No |
| <b>Chronic Health Hazard</b>             | No |
| <b>Fire Hazard</b>                       | No |
| <b>Sudden Release of Pressure Hazard</b> | No |
| <b>Reactive Hazard</b>                   | No |

#### CWA (Clean Water Act)

| Component                    | CWA - Reportable Quantities | CWA - Toxic Pollutants | CWA - Priority Pollutants | CWA - Hazardous Substances |
|------------------------------|-----------------------------|------------------------|---------------------------|----------------------------|
| Sodium Fluoride<br>7681-49-4 | 1000 lb                     | -                      | -                         | X                          |

#### CERCLA

This material, as supplied, contains one or more substances regulated as a hazardous substance under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302)

| Component                    | Hazardous Substances RQs | CERCLA EHS RQs | RQ                                        |
